Sigma Pi's Decide To Give up House

Sigma Pi, SJS social fraternity since 1949, has decided to abandon its house in the heart of Fraternity Row, according to its adviser, H. Paul Ecker, assistant professor of economics.

"Financial troubles," brought on by many reasons, caused the group to move from their house located at 202 S. 11th St. Ecker pinpointed the three main reasons as being lack of members, graduates leaving, and not enough pledges.

"I feel that the move is for the best," he stated. "We had to get out from beneath the overhead, and get our feet on the ground. When we get on the right road again we will have another house."

The Sigma Pi's did not participate in open house functions last night. "We probably will not begin pledging again until the fall quarter," Ecker said, "but we certainly are not disbanding. We will be as active this quarter as a fraternity can be without a house." Meetings will be on campus.

Situated in the center of Greek activity on 11th street, the house reportedly is being sought by other SJS fraternities.

The fraternity, which has 20 active members, had three pledges last quarter. Chuck Bucaria is the president.

Medical Tech To Offer B.S.

The medical technology curriculum will lead to a bachelor of science degree, beginning in the fall semester, according to Dr. Fred Harsleroad, dean of instruction.

Currently the medical technology students graduate with a bachelor of arts degree.

Modifications have been made in the curriculum, lowering the requirements for graduation from 140 to 131 semester units.

Dr. Wilbur H. Swanson, supervisor of medical technology, plans to go on sabbatical leave during the second half of the school year. He will spend part of his leave at the Pasteur Institute in Paris.

Tansey Illustrates Talk On Human Face History

"The Human Face in History and Art" will be the subject of an illustrated lecture to be given by Dr. Richard G. Tansey, associate professor of art, tomorrow at 7:30 in the Music building Concert Hall.

The lecture, which is free to the public, will call attention to Dr. Tansey's contention that each age has its own ideal of what "proper" face should be.

The most revealing aspect of a human being, Dr. Tansey believes, is his face, the expressional appearance of which is formed by the beliefs and conventions of his society in much the same way as are his manners.

Dr. Tansey, who joined the SJS faculty in 1947, attended Harvard University where he received his A.B. degree in 1942, his M.A. degree in 1943 and his Ph.D. degree in 1950.

He was a teaching assistant at Harvard in 1943 and 1946 and an instructor at Vassar College from January to May, 1947.

Next lecture in the series is slated for Feb. 9 at 7:30 p.m. when Dr. Dean R. Cresap, associate professor of social science, discusses "Party Politics in California."

SJS To Arrange Anti-Raiding Pact With Santa Clara

Only the final signing of an anti-raiding pact between the University of Santa Clara and San Jose State College remains before it goes into effect, Art Lund, ASB president, said yesterday.

"We hope that it will be signed before Friday's game," Lund noted.

The agreement, modeled on the SJS-COP pact, has been approved by both student governments. It was drawn up by Santa Clara President Bob Williams.

The pact seeks positive methods of continuing school rivalry and calls for exchange rallies and social activities prior to the first major athletic event each season.

By signing the pact, the two schools agree to allow "insofar as is reasonable and practical" no kidnapping, defacement or general "raiding of the campuses."

The pact also sets up rules for proof of vandalism, and makes the student body of the violating school financially responsible for damage. In addition, it requires a meeting of student government leaders of the two schools three weeks before the athletic event.

Changes Deadline

Deadline for payment of Spartacamp fees in the Graduate Manager's office has been extended until Friday, B. J. Bailey, publicity chairman, said yesterday.

"I HEREBY SWEAR"—stated Gary Blake, center, and Nada Stepovich, right, as they took the oath to become members of the Student Court. Chief Justice Stan Croonquist administered the oath yesterday afternoon.

New California Budget Has Increase for State Colleges

SACRAMENTO, Jan. 12 (UP)—The 1955-56 California budget contains \$25,661,000,010 to operate 10 state colleges and the Maritime Academy, an increase of 1.4 per cent over the current year.

In addition, \$18,700,000 is budgeted for new construction, almost the same amount as budgeted last year.

The number of full-time state college students will reach 38,181 by fall semester, an all-time high, and 3721 more than the current fiscal year.

The state college budget provides for a total of 505 new jobs, including 256 new faculty members. The budget anticipated passage at this session of a new \$75 fee for out-of-state students. State colleges now charge a \$20-per-semester materials and services fee. The \$75 out-of-state fee would raise \$138,000 a year, the budget said.

The 1955-56 budget is up \$5,

893,389 over the 1953-54 budget just completed, or 29.8 per cent. Enrollment increase will be 28 per cent for the same period, the budget predicted.

San Jose State, 7400, up from 7200, and \$4,134,168, up 10.9 per cent.

Funds budgeted for new construction and a brief breakdown of major construction at San Jose State: \$1,416,768, including equipping of science building addition, \$500,000 and an administration building, \$847,500.

Indians Recover Stanford Banner

A mammoth Stanford banner, missing since the SJS homecoming at the Farm last quarter, has been recovered by the Indians, according to Art Lund, ASB president.

In a letter to the Student Council, the Stanford students said the banner, worth an estimated \$150, was returned recently.

World News Briefs

Gov. Knight Proposes Biggest State Budget

SACRAMENTO, Jan. 12 (UP)—Gov. Goodwin J. Knight proposed a record-breaking \$1,529,768,000 state budget today and asked the Legislature for a 3-cent tax on cigarettes and higher luxury taxes to balance it.

The Republican governor also requested higher beer, liquor and horse race taxes with a warning to the lawmakers that "we are headed for insolvency unless some action is taken to put our budget in balance."

AGNEW BUDGET

SACRAMENTO, Jan. 11 (UP)—A "moderately expanded" program of caring for 48,462 patients in 14 state mental hospitals was budgeted today at \$70,990,813 for the

Dance Is Still On

Friday night's annual sophomore dance in the Women's Gym will not conflict with the SJS-Santa Clara basketball game that night, Al Behr, sophomore class president, reminded yesterday. Music at the dance will not begin until 10 p.m.

Justices Vote On Schedules; Ad Violators

By CAROL BISBEE

Student Court yesterday afternoon voted to issue summonses to three campus organizations for violations of the ASB advertising code and set up the schedule for winter quarter general elections.

Alpha Phi Omega and Class of '57 are charged with not getting permission to place posters on campus and Student Affairs committee is charged with nailing a poster to a tree.

The summonses will be delivered today in person to the presidents of the accused organizations, and hearings on the cases will be held at next Tuesday's court meeting, according to Stan Croonquist, chief justice.

Advertising violation charges also will be brought against the California Student Teachers Assn., Paul Sakamoto, Student Activities Board chairman, said late yesterday. According to Sakamoto, the organization did not register its plans in the ASB advertising book before putting up posters.

Fifteen top offices in student government will be open for applications Jan. 19. Vacancies will be the sophomore and junior class officers, female and male junior Student Court justice, one senior and one freshman Student Council representative for half year terms, and one junior, one sophomore and one freshman council representative for full year terms.

Applications will open Wednesday, Jan. 19, and will close Friday, Jan. 21, at 4 p.m. Petitions go out Friday, Jan. 28 and must be turned in, with 50 signatures Tuesday, Feb. 1. Campaign advertising begins Feb. 8 and elections will be held Feb. 11, date subject to the approval of Student Council.

In other court business, Nada Stepovich and Gary Clarke, new sophomore justices, were sworn into office. Diane Martinson, new junior justice replacing Mary Ellen Bailey is slated to be sworn in next Tuesday.

The court also made plans to request permission from the SJS to post minutes and official court records on a section of the bulletin board outside the Coop.

"This will give all the students an opportunity to read the opinions and decisions of the court verbatim," Croonquist explained.

On April 6, Dr. George A. Muench, associate professor of

DR. RICHARD TANSEY

psychology, will speak on "Personality."

"Wagonwheels in the Sky" will be the final topic of the lecture series. Speaker for the May 18 lecture will be Dr. Dorothy Kauter, professor of speech.

Editorial

It's in the Book

The heat's on!

Student Court members will earn their jackets for sure this quarter and the ASB constitution will come into its own if Paul Sakamoto and the Student Activities Board have anything to say about it... and they do.

Yesterday the court issued summonses to three organizations and had scarcely finished when Sakamoto discovered another advertising violation which he plans to submit at a later meeting.

The Board is charged with the responsibility for seeing that campus advertising is carried out in the manner specified by the constitution and all praise to them, they're doing it. Initial step in the get-tough policy came last quarter with a mass meeting held to acquaint all organizations with proper advertising procedure. Now that the rules have been explained, they're being enforced.

In the past, crack-downs have, at times, been hit or miss. It's about time they became regular procedure and the students learned to consider and live up to the standards which they themselves wrote into their guiding document.

A committee is now at work revising that constitution. Any one who thinks that the present ordinances should be changed is welcome to present his case. In the meantime, let's obey the constitution as it stands.

APhiO Stand Provides Rides

Rides are already available to Palo Alto and points as far away as Oakland at the Alpha Phi Omega car pool stand in front of Morris Dailey, according to Lazaro Garza, car pool chairman.

There is also a list of rides needed to various Bay Area locations. The cards at the stand allow every student to make his own contacts. Suitable arrangements can be made by keeping a check on the board, states Garza.

The car pool is a free service of the organization and will continue throughout Friday.

Offices Announces Teaching Position

General Secondary candidates who are interested in teaching in San Francisco should file applications in the Placement Office, Room 100, before Jan. 14, according to Miss Doris K. Robinson, teacher placement director.

An examination will be held on Feb. 12. For further information those interested should inquire at the Placement Office, Miss Robinson said.

Alpha Eta Sigma To Hold Meeting

Alpha Eta Sigma, the accountants honorary society, will hold its first business meeting of the new year tomorrow at 7:30 p. m. at the Unitarian Church, 160 N. 3rd St.

Several movies are scheduled for the evening. Anyone wishing transportation to the meeting should meet at the Student Union at 7 o'clock, according to Vice President Gloria Lukas.

Group Plans Yosemite Trip This Weekend

Members of the Student Section of the California Recreation Society are planning to leave for Yosemite this Friday for a weekend of skiing, according to Joann Ruberts, president.

Approximately 15 to 18 members will be making the trip, accompanied by their co-advisers, Dr. Mary Wiley and Miss Ardith Frost of the Women's Physical Education Department.

The Student Section is the campus organization of CRS, which is a state organization for those in the recreation field.

The campus group is made up of recreation majors and minors.

ED STUDENTS SEE FILES

All senior teaching candidates should check to make certain that their files are up to date in the Placement Office, Room 100, Miss Doris K. Robinson, teacher placement director, announced recently.

Thrust and Parry

Dear Thrust and Parry:

We know that the parking situation around school is pretty bad, and that we must be tolerant, but we are mad!

We had a few parking places near the campus in the form of dirt lots, and as long as it didn't rain, everything was all right. As soon as it rains these lots became a sea of mud.

We noticed with great glee that these quagmires were to be paved, but lo and behold, as soon as they were paved, they were reserved for every official of the state college including the janitor's secretary.

Now we know that the faculty has it hard in this institution, but how's about giving the students a break on the parking problem? Most of the teachers' lots are never completely full anyhow, while the student lots are always jammed. We reserve all, the best, close, lots for the instructors. Here's hoping for better student parking.

ASB 5373 ASB 4042

Job Mart

A chance to enter the Civil Service and finish their education at the same time is being offered to college students by the U. S. Civil Service Commission in San Francisco.

The plan calls for summer employment in the career service for successful applicants who are not now in their senior year. These positions will be in federal agencies in California and Nevada.

As student trainees, college freshmen will be paid \$2750; sophomores, \$2950; and juniors, \$3175 per year.

Student trainees may secure summer jobs in federal engineering, chemistry, physics, mathematics, metallurgy, and cartography programs. They may also gain experience in federal research and development, survey, or mapping activities.

Special application forms may be obtained in the placement office, Room 100 (upstairs) in the Administration building.

Students should send their applications to: U. S. Civil Service Commission, 630 Sansome St., San Francisco, Calif. Deadline for eligible applications is Feb. 14.

SJS Dean Will Talk At Cal on TV Use

Dr. Fred Harclerod, dean of instruction, will speak on the use of existing television facilities for education Friday at the Educational Television Research Committee meeting at the University of California.

Dr. James W. Brown, coordinator of graduate study, and Dr. Richard B. Lewis, coordinator of audio-visual, will also attend the meeting.

Dr. Harclerod is the chairman of the California Council on Teacher Education's TV and Teacher Education committee.

Elect Miss Major

Miss Peggy Major, executive secretary of the SJS alumni office, has been selected as the program director of the American Alumni Conference to be held Jan. 24, 25 and 26, at Rickey's Studio Club in Palo Alto.

Apply for Players

Applications for membership in the San Jose Players are still available in the Speech Office, and must be turned in by Friday, according to Joe LoBue, president.

Prospective members will be judged on interest, initiative and talent.

The Coffee Grind

By JOE VOOT

Lonesome Polecat: "Wanted, Cute little kitten for lonesome polecat." According to my friend, Hal Itosis of the advertising staff, "Lonesome Polecat" has received over a dozen phone calls already in reply to his want ad in the Spartan Daily.

Over a cup of coffee, my advertising friend told me that Lonesome Polecat is a personable type character and:

1. A Theta Chi, well known 'bout campus;
2. A senior political science major;
3. Actually looking for a cute coed to date;
4. ('specially girls that would like him in Bermuda shorts;)
5. About five foot eleven.

He also sports a crew cut, dirty buck shoes and a car with a weak battery.

I Wonder How Come, but I like it! Nancy Wallace, sophomore

commercial art major, posed a perplexing question in the Coop the other day while buying me coffee. (The Spartan Daily hasn't authorized my expense account yet.)

Since there is a special life drawing room marked "NO ADMITTANCE, LIFE DRAWING STUDENTS ONLY," in the art wing, Nancy wonders why she must walk all the way over to T-218 in the Technical buildings for her Art 55 A-B life drawing classes. It's all right with me though, I enjoy walking her to class.

Student Leaders

Student Council members, and class presidents got acquainted with each other and the personnel deans at a dinner meeting last night in the Spartan Fountain.

They also heard William Feise talk on Spartan Shop and Coop.

SCIENCE MADE SIMPLE: No. 1

In this day and age, as I like to call it, everybody should know something about science. Unfortunately, however, the great majority of us are majoring in elocution, and we do not get a chance to take any science. But we can at least learn the fundamentals.

Though this column is intended to be a source of innocent merriment for all sexes and not to concern itself with weighty matters, I have asked the makers of Philip Morris whether I might not from time to time use this space for a short lesson in science. "Makers," I said to them, "might I not from time to time use this space for a short lesson in science?"

"Bless you, lad!" cried the makers, chuckling. "You may certainly use this space from time to time for a short lesson in science."

They are very benign men, the makers, fond of children, small animals, community singing, and simple country food. Their benevolence is due in no small measure to the cigarettes they smoke, for Philip Morris is a cigarette to soothe the most savage of breasts. I refer not only to the quality of the tobacco—which, as everyone knows, is amiable, humane, and gracious—but also to the quality of the package. Here is no fiendishly contrived container to fray the fingernails and rasp the nerves. Here, instead, is the most simple of devices: you pull a tab, a snap is heard, and there, ready at hand, are your Philip Morris Cigarettes. Strike a match, take a puff, and heave a delicious little rippling sigh of pure content.

So, with the cordial concurrence of the makers, I will from time to time devote this column to a brief lesson in science.

Let us start today with chemistry. It is fitting that chemistry should be the first of our series, for chemistry is the oldest of sciences, having been discovered by Ben Franklin in 123 B.C. when an apple fell on his head while he was shooting the breeze with Pythagoras one day outside the Acropolis. (The reason they were outside the Acropolis and not inside was that Pythagoras had been thrown out for drawing right triangles all over the walls. They had several meetings outside the Acropolis, but finally Franklin said, "Look, Pythagoras, this is nothing against you, see, but I'm no kid any more and if I keep laying around on this wet grass with you, I'm liable to get the break-bone fever. I'm going inside." Pythagoras, friendless now, moped around Athens for a while, then drifted off to Brussels where he married a girl named Harriet Sigafos and went into the linseed oil game. He would also certainly be forgotten today had not Shakespeare written "Othello.")

But I digress. We were beginning a discussion of chemistry, and the best way to begin is, of course, with fundamentals. Chemicals are divided into elements. There are four: air, earth, fire, and water. Any number of delightful combinations can be made from these elements, such as firewater, dacron, and chef's salad.

Chemicals can be further divided into the classes of explosive and non-explosive. A wise chemist always touches a match to his chemicals before he begins an experiment.

A great variety of containers of different sizes and shapes are used in a chemistry lab. There are tubes, vials, beakers, flasks, pipettes, and retorts. (A retort is also a snappy comeback, such as "Oh, yeah?" or "So's your old man!")

(Perhaps the most famous retort ever made was delivered by none other than Noah Webster himself. It seems that one day Mr. Webster's wife walked unexpectedly into Mr. Webster's office and found Mr. Webster's secretary sitting on Mr. Webster's knee. "Why Mr. Webster!" cried Mr. Webster's wife. "I am surprised!"

"No, my dear," he replied. "I am surprised. You are astonished." (Well, sir, it must be admitted that old Mr. Webster got off a good one, but still one can not help wishing he had spent less time trifling with his secretary, and more time working on his dictionary. Many of his definitions show an appalling want of scholarship. Take, for instance, what happened to me not long ago. I went to the dictionary to look up "houghband" which is a band that you pass around the leg and neck of an animal. At the time I was planning to pass bands around the legs and necks of some animals, and I wanted to be sure I ordered the right thing.

(Well sir, thumbing through the H's in the dictionary, I happened to come across "horse." And this is how Mr. Webster defines "horse"—"a large, solid hooved herbivorous mammal, used as a draft animal."

(Now this, I submit, is just plain sloppiness. The most cursory investigation would have shown Mr. Webster that horses are not mammals. Mammals give milk. Horses do not give milk. It has to be taken from them under the most severe duress.

(Nor is the horse a draft animal, as Mr. Webster says. Man is a draft animal. Mr. Webster obviously had the cavalry in mind, but even in the cavalry it is men who are drafted. Horses volunteer.)

But I digress. We were discussing chemistry. I have told you the most important aspects, but there are many more—far too many to cover in the space remaining here. However, I am sure that there is a fine chemistry lab at your very own college. Why don't you go up some afternoon and poke around? Make a kind of fun day out of it. Bring ukeleles. Wear funny hats. Toast frankfurters on the Bunsen burners. Be gay, be merry, be loose, for chemistry is your friend!

©Max Shulman, 1954

SJS Vet Club To Begin Blood Donor Campaign

Members of the SJS Vets club invade Spartan City Saturday in a door-to-door campaign launching a blood donor pledge drive for a Jan. 24 campus donor-day, according to Pat Seawall, V-club blood drive chairman.

The drive, under the blood credit plan with donations credited to participating organizations, will include the sponsoring Vets club, faculty members, and SJS state

employees, besides other campus groups.

Full cooperation was promised by the faculty at a recent meeting, according to Don Campbell, group representative. He asked that all faculty members who have not turned in their pledge cards place them in the Vets club box in the Student Union.

To donate blood in the drive, individuals need not belong to any participating organization.

Members of the Veterans club are also planning a social event for Friday, Jan. 21, according to Campbell. The group is a service and social group open to all campus veterans.

Hornig Receives Ph.D. in History

Edgar A. Hornig, assistant professor of history and political science, was granted his doctorate in history from Stanford University Jan. 7. The degree culminated several years of original research in the area of 20th century American history by Dr. Hornig.

Dr. Hornig's dissertation was on the presidential election of 1908.

Majoring in history, Dr. Hornig received his B.A. degree from Milwaukee State Teachers College in 1941 and his M.A. degree from the University of Oklahoma in 1942.

Dr. Hornig joined the SJS teaching staff in 1947.

Department Adds Speech Instructor

Mrs. Margaret Douglas Chamberlin has joined the Speech and Drama Department faculty this quarter.

Mrs. Chamberlin is teaching sections of Speech 2A, 10, 9 and 109. She is an author, director and actress, having appeared on the SJS campus in last summer's production of "Harvey." She also taught here last year.

Daily Output Is up

There are now 5500 copies of the Spartan Daily being placed on the stands each day, according to Paul Ward, business manager.

Reason for the increase over last quarter's 5000 copies is due to the greater amount of advertising that has been sold, Ward said.

Foreign Students Report Addresses

Phillip Persky, faculty adviser to the International Students Organization, would like to remind all foreign students that the Immigration Nationality Act requires that every non-citizen in the United States report his address during the month of January.

Cards for this purpose are available in Mr. Persky's office at 246 S. 8th St., or the main post office in San Jose.

SDX Initiates New Members

Seven new members joined the San Jose State College chapter of Sigma Delta Chi Thursday night at formal initiation ceremonies in the Chapel.

The SJS undergraduate chapter of Sigma Delta Chi, national professional journalistic fraternity, was granted its charter in spring quarter 1954.

Students initiated last night were Edwin Bissell, Gil Chesterton, Robert Edmiston, James Egger, Jim Harget, Robert Johnson and Simon Steinreich.

A reception was held in the Spartan Daily newsroom following the ceremony.

Police Fraternity Will Meet Tonight

Chi Pi Sigma, SJS police fraternity, will hold its first meeting of the quarter tonight at 7:30 o'clock in the police school barracks, according to publicity chairman Stephen Chesley.

Chesley said that the election of a new adviser will be discussed, due to the resignation of Yosh Uchida, SJS judo coach.

Planning of "rush" functions, and announcement of new appointments also will be on the agenda.

\$1500 for Space Due La Torre

Approximately \$1500 is owed for space in La Torre, according to Jim Cottrell, business manager.

Statements are being mailed to organizations that still owe money to the yearbook. The money is payable in the Graduate Manager's Office, Cottrell said.

Wednesday, Jan. 12, 1955

SPARTAN DAILY 3

CSTA Will Hear Dr. Rogers Give Teaching Rewards Talk

"The Rewards of Teaching" will be the topic of Dr. William R. Rogers, professor of education, when he addresses the California Student Teachers Assn. tomorrow at 3:30 p.m. in the Morris Dailey auditorium.

The address will be the high point of the week-long membership drive which the CSTA has been carrying on through its booth in the lobby in front of Morris Dailey. The drive ends Friday, reports Tom Williams, chairman of the drive. A membership of more than 350 is already reported.

Membership for teaching trainees is desirable, according to Williams, because it provides not only the teachers' magazine and place-

ment service, but a working knowledge of what is new in the field.

Speeches by outstanding persons in the education field and education workshops are part of the CSTA program. All education majors are invited to join.

A Gander At Sports

By JERRY GANDY

SJS vs. USSR

Lang Stanley, former San Jose State track star, related to Coach Bud Winter in a recent letter that the armed forces have 10 track men working out at Maryland in preparation for the 1956 Olympic Games at Melbourne. Among the 10 cindermen are three other former SJS stars in addition to Stanley.

Stanley reports that Herm Wyatt, an outstanding high jumper, Joe Tyler, a distance runner at State two years ago, and Walt Burnett, a quarter-miler, are in training there. Tyler is in the Navy, while the other three are in the Army.

"Since the Russians have put so much emphasis on the Olympics for the coming year," Stanley writes, "Washington has decided to use some of the men in the service."

DATELINE—SAN JOSE STATE

The December issue of The Mentor, a national coaching magazine, carries an article written by Julie Menendez, SJS boxing coach. Menendez, third vice president of the National Intercollegiate Boxing Coaches Assn., discussed "Boxing in California Schools."

Julie portrays the picture of boxing at each of the major universities and colleges and tells of the growing interest in the sport in the junior colleges and high schools.

A generous portion of the three-page article is concerned with boxing here since San Jose State became the western collegiate boxing capital under the late DeWitt (Doc) Portal.

The article credits San Jose State with the development of the protective headgear, electric point indicator for round-by-round scoring, face masks for sparring, thumbless gloves, three-inch mats, four ropes around the ring, and ramps to the boxer's corners. A timing system for boxers, boxing clinics, and ambidexterous boxing have been developed in part or entirely at Sparta, the article states.

SJS Judoists Plan Program

Three members of the Spartan judo squad will stage an exhibition tonight in Los Gatos at the Presbyterian Church, according to Roy Wauer, squad publicist.

Vic Small, Jack Crawford, and Jack Marlo will put on the exhibition.

The judo squad and boxing team will join forces Feb. 9 for an exhibition at Capuchino High School in San Bruno. Crawford, Marlo, and Wauer and 10 members of the boxing team will put on a program which will aid the school in raising funds for its boxing program.

The five boxing bouts will provide experience for 10 boxers to be selected later by Coach Julie Menendez.

Dory LaClerque and Jim Johnson, Capuchino coaches, are former Spartan boxers.

Carroll Williams Sets CBA Record

Carroll Williams set the first new California Basketball Association record to be set this season, according to statistics released today by S. Dan Brodie, league statistician.

In last week's College of the Pacific game, Williams tanked 14 free throws to erase his own old mark of 13 in a single game.

Williams' 16 free throws in 19 attempts established him as the early leader in the free throw percentage department after the first week of play.

Capt. Wm. Herring Asks Pistol Team

Students interested in joining a college pistol team are asked by Capt. William Herring to sign up with him in the ROTC barracks. This also applies to women.

Capt. Herring recently made a request to the Student Council for funds and permission to start such a team.

Capt. Herring pointed out that the college has a rifle team, but the pistol team is now limited to ROTC students.

ERDELATZ INKS PACT

ANNAPOLIS, Md., Jan. 11 (UP)—Eddie Erdelatz, coach of Navy's Sugar Bowl football champions, signed a new five year contract today to remain as head coach of the Academy.

TOR HANSEN

Hansen Grabs Northern Cal Player Honors

San Jose State's forward Tor Hansen was named Northern California player of the week Monday by the Northern California writers and broadcasters.

The weekly award was voted to Hansen for his play in the College of the Pacific game. According to Spartan Coach Walt McPherson, it was Hansen's scoring in the COP tilt that allowed SJS to upset the Tigers, 66-54.

Hansen led the Spartan scoring in the COP fray with 20 points and is currently third in SJS scoring for the season with 119 markers.

At the writers and broadcasters meeting Monday, McPherson joined Northern California coaches except Santa Clara's Bob Feerich in blasting the present bonus free-throw rule.

Mermen To Vie With Top Teams

By TERRY SWEENEY

A tentative swimming schedule, including dual meets with Stanford, California, Cal Aggies, University of Redlands, San Diego Navy, Treasure Island, and Oakland YMCA, will be released as soon as it is confirmed, according to Coach Charlie Walker. Walker also is trying to slate meets with San Francisco State and the San Francisco YMCA.

Walker has 22 candidates for swimming so far, and said that the team "is fairly well balanced, with the exception of diving," but that there was a scarcity of swimmers on the frosh level.

Dick Threfall, holder of the college record in the 50-yard dash, and Art Lambert, record holder in the 220, give the Spartans a good nucleus in the sprints. Senior Tom Haine backs up the pair.

If Dick Miller, captain of the SJS water polo team decides to turn out, SJS should be tough in the backstroke. Miller holds the college record for the 200-yard backstroke.

For breaststroke, Walker has Jim Anderson, holder of the school record in the 100-yard dash, returning. Other contenders are Tom Nelson, Nort Thornton, Mel Laub and Bob Buscher.

Threfall and Lambert top the list of candidates for the medley.

Diving aspirants include Roy Cleghorn, Tom Nelson and Mel Laub.

The frosh aren't expected to be as strong as they have been in the past, revealed Walker, with only 15 candidates out thus far. He expects to build the nucleus of his freshmen team around Wally Ends, Larry Wood, and Phil Ferguson.

Among teams the SJS fresh-

men will meet are the Cal and Stanford yearlings as well as most of the local high schools.

One of the best meets of the season, from a spectator standpoint, could be the meet with Treasure Island. It seems that Treasure Island is hosting the members of the Pan Pacific Team, of which Major Sammy Lee, Olympic champ, is a member. It is possible that Lee and the others could be eligible to participate, although Navy's plans in the matter are not as yet known, Walker revealed forlornly.

Accurso Vies For Pan-Am. Games Berth

Al Accurso, a two-year boxing letterman is in training for approaching regional tryouts at San Francisco for the Pan-American Games which will be held at Mexico City.

Winners of the San Francisco tryouts will compete later in Texas. The United States will be represented by the winners in the Texas meet.

Accurso, a 119-pounder, will get down to 112 pounds for the tryouts. While boxing for SJS at 119, he scored a victory in two starts against Idaho State's Vic Kobe, 1953 national champion.

Accurso has one more year of eligibility with the Spartan ring team. Participation in the Pan-American Games, like the Olympic Games, is sanctioned by the NCAA and will not affect an athlete's collegiate eligibility.

USF Rifle Team Tops Spartan Five

The University of San Francisco rifle team outshot the SJS marksmen 1384-1380 Thursday at the Spartan Range, according to Sgt. Ic Patrick Whalen, team head.

Bill Rabenstein was top man for the Spartans with 283 out of a possible 300.
